Use By	About 2 years (Please store in a cool, dry place.)
Price	12,960 yen (tax included)
Precautions	If you should feel unwell, or the product does not seem to suit your constitution, please discontinue use.

Product Overview

Convenient, portable capsule format to support your health and beauty any time

“White Hydrogen” capsules were developed by Yasutane Takafuji, our CEO and a leading presence in the hydrogen for health and beauty movement. Day-to-day stress, as well as factors such as alcohol and smoking, gradually deplete the power of hydrogen stored in your body. Takafuji Series Hydrogen Powder Capsule “White Hydrogen” replenishes depleted hydrogen throughout the body. Its beauty benefits include controlling swelling and improving skin moisture retention, skin tone and brightness, while providing a boost of youthful energy for a healthy glow every day. This capsule format is convenient when on the go, and prevents the loss of hydrogen, maintaining its high concentration. As featured in a number of popular women’s fashion magazines, Takafuji Series Hydrogen Powder Capsule “White Hydrogen” supports the beauty needs of our customers far and wide.

Recommended for corporate customers who...

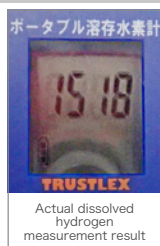

- Are considering attracting customers by carrying products beneficial to beauty and health
- Hope to create new revenue by carrying products beneficial to beauty and health.

Takafuji Series Hydrogen Powder offers remarkable performance

Actual dissolved hydrogen measurement result

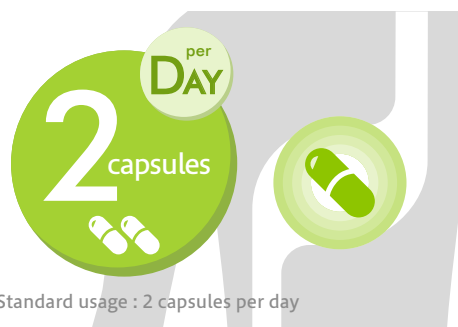

1,518
ppb

※ Result of dissolving 0.2 g of Takafuji Series Hydrogen Powder Capsule “White Hydrogen” in 100 cc of tap water.

The Takafuji Series “White Hydrogen” has achieved concentrated dissolved hydrogen levels by providing powderized hydrogen in a capsule format. In traditional hydrogen water products, hydrogen may escape from the bottle, resulting in lower hydrogen concentrations than stated. The Takafuji Series overcomes this hurdle by providing powderized hydrogen which only begins to generate hydrogen after swallowing. This provides a reliable source of hydrogen highly concentrated at 1,518 ppb to be absorbed inside the stomach. The easily portable capsule format means that your source of hydrogen supplement is always in reach, even when away from home.

Fresh hydrogen is gently absorbed inside the stomach

Standard usage : 2 capsules per day

Takafuji Series Hydrogen Powder Capsule “White Hydrogen” offers hassle-free hydrogen replenishment by simply taking two capsules per day. Each capsule first begins to generate hydrogen inside the stomach, providing a fresh source of hydrogen highly concentrated at 1,518 ppb. Recommended for customers with beauty concerns such as lack of moisture, bloating, and poor skin tone. White Hydrogen is also ideal for customers with health concerns such as migraine headaches, stubborn stiff shoulders, or fatigue.
