Product Overview

Disinfect viruses, bacteria, or mold, and remove pet, tobacco, or other unpleasant odors. Bring clean air into your home with the “Nanoclin” Series.

Freedom’s “Nanoclin” series puts the powerful disinfectant action of chlorine dioxide at your fingertips. Colorless and odorless, it is harmless when inhaled. Available in spray and in-place gel formats, versatile “Nanoclin” is ready to use wherever you need it.

This powerful disinfectant is odorless, colorless, and harmless, ideal for walls, floors, living rooms, kitchens, bedrooms, toilets, entry halls, bathrooms, inside refrigerators, car interior, or smoking areas. Used and loved in 37 countries worldwide, the safety of “Nanoclin” has been approved to the stringent standards of organization such as the United States Food and Drug Administration (FDA), World Health Organization (WHO), and United States Environmental Protection Agency (EPA).

Benefits of Stabilized Chlorine Dioxide “Nanoclin”

Benefits of Stabilized Chlorine Dioxide
Nanoclin
ナノクリン

Nanoclin’s main component, chlorine dioxide, is a powerful disinfectant and deodorizer due to its oxidizing properties. Nanoclin quickly destroys bacteria, mold, and sources of pet, tobacco, or other unpleasant odors. To provide long-lasting action, we have formulated the power of chlorine dioxide into a gel. This powerful disinfectant and deodorant immediately takes effect, and is also effective to protect against harmful microbes such as the flu virus, norovirus, and O-157.

Keep your lifestyle spaces clean and safe

Stabilized chlorine dioxide is gentle to both the environment and the human body, demonstrating a safe and powerful cleaning ability. Colorless and odorless, Nanoclin does not generate any carcinogenic materials or irritating gases, making it a welcome addition to living rooms, kitchens, bedrooms, toilets, entry halls, bathrooms, refrigerators, vehicles, children’s rooms, and throughout your lifestyle space. We offer four types, including in-place gel format, spray, and a “card holder” format which is worn around the neck. For its excellent safety and effectiveness, Nanoclin has been certified under the Noguchi Medical Institution’s Gold Collection.
