Contain	30g
Country of Manufacture	Japan
Use By	About 3 months
Price	7,992 yen (tax included)
Precautions	※ Please discontinue use if you feel this product does not agree with your skin.

## Product Overview

Simply mix with your usual skin lotion. Regular use of this hydrogen powder will help your skin to retain moisture.

Simply mix with your day-to-day skin lotion. This hydrogen skin powder contains high-density germanium, which helps to tighten and tone skin and prevent roughening. Recommended for dry, dull, or blemished skin, and an ideal way to boost your skin moisture levels, restoring youthful skin tone. Day-to-day stress, as well as factors such as alcohol and smoking, gradually deplete the power of hydrogen stored in your body. Skin Beautifying Hydrogen Powder “PHILEO” is easy to use. Simply mix it with your regular skin lotion to provide your skin with highly-concentrated hydrogen. This powdered hydrogen begins to generate hydrogen when it is mixed with lotion, achieving a high concentration of 1,430 ppb. As featured in a number of popular women’s fashion magazines, Skin Beautifying Hydrogen Powder “PHILEO” supports the beauty needs of our customers far and wide.

## Recommended for corporate customers who...

- Are considering attracting customers by carrying products beneficial to beauty and health
- Hope to create new revenue by carrying products beneficial to beauty and health.

## Boost your skin’s moisture retention with hydrogen

Skin Beautifying Hydrogen Powder “PHILEO” is a powdered hydrogen which produces concentrated dissolved hydrogen levels. The novel powder format of “PHILEO” allows excellent absorption throughout the skin, providing new levels of hydrogen skin care. Regular use will produce toned, bright skin that retains moisture and resists roughening. Recommended for dry, dull, or blemished skin, or anyone who wishes for higher moisture levels and youthfully toned skin. As featured in a number of popular ladies’ fashion magazines, Skin Beautifying Hydrogen Powder “PHILEO” can help to support your beauty needs.

## Simply mix with your regular skin lotion for hassle-free hydrogen skin care

- 1 Mix with lotion
- 2 Sprinkle on lotion sheets
- 3 Sprinkle on facial pack

“PHILEO” is a no-fuss beauty solution, ready to use in moments. Simply mix with your regular skin lotion, or sprinkle onto a facial pack to receive the benefits of hydrogen skin care in moments. The powder first begins to generate hydrogen when it is mixed with lotion, so you can be sure that your skin will be provided with fresh hydrogen concentrated at 1,430 ppb. This hydrogen powder skin care can be applied with remarkable ease before bed or first thing in the morning.
